

AND THE AWARD GOES TO...

Each year, Monteagle Elementary presents a \$1,000 scholarship to a graduating senior. This award is generously funded in part by United for Literacy and matched by contributions from our dedicated faculty and staff. This year, we were proud to present the scholarship to Hannah King.

The Sissy Stewart Volunteer Award is given annually to an individual or organization that goes above and beyond in supporting our school's mission, particularly in the area of literacy. This year, we were honored to present this award to the members of the Monteagle/Sewanee Rotary Club. They have supported our school in a countless number of ways and we are grateful to have their support.
