

Coffeeville SCHOOL

“Excellence- From All- For All” DISTRICT

Superintendent’s Newsletter

January 2025

Dear Parents,

As we begin the second semester, we are very proud of the academic progress currently being made. State test scores received during the summer months revealed an increase in student achievement. Coffeeville Elementary earned a “B” accreditation rating for the third consecutive year, and Coffeeville High School received a “C” rating. The Coffeeville School District received its second consecutive “B” rating. With parents, students, teachers, and school administrators working together, students will continue to excel academically.

It’s with utmost importance that you continue to monitor the completion of your child’s homework and promote the reading of Accelerated Reader books and the use of Study Island at home. With these combined efforts in teaching, along with the students' efforts to learn, will create the equation for success. I want to express my sincere thanks to our students, principals, directors, teachers, teacher assistants, partners in education, and volunteers who work daily to help improve student achievement in the Coffeeville School District. I also want to thank our parents for the loyal support that you give to our teachers and principals.

Our teachers, teacher assistants, and administrators have been working extremely hard to prepare students for success on Subject Area Exams as well as upcoming State Exams. Please encourage your scholar to do his/her very best as we work to make history in the Coffeeville School District. When parents, students, teachers, staff, and administrators work together, miracles can and will happen!

Happy New Year!!!

Educationally yours,

Dexter Green

Superintendent of Education
