

# Weather Closings

Here are the following ways to be informed of SS/FCS School Closings:

KEYC's Closing notifications now alert you through the KEYC News Now App for Apple & Android devices. These push notifications can be added in the app, on the upper right 'wheel' you can click on 'Closings' and search for Fairmont Christian School. The push notifications have replaced emails, if you wish to be alerted this way you will need to sign up in the settings.

FCS Families: Join the 'Remind App' by texting @fcsfami to 81010 (This will add you to our alerts that are texted out informing you of any closings)

You may also listen to KJLY (104.5 FM) & KSUM (1370 AM) to be informed.

If FCS is delayed two hours due to weather, Small Sprouts will NOT have preschool.

If FCS closes schools early, Small Sprouts will stay in session to finish out the regular class time. This is because most inclement weather that leads the school to close early, is going to occur in the early afternoon hours, therefore, it would not affect our morning programs.

Parents (or previously designated adults) may pick up students at any time, however, if they feel weather is severe.
