Public Service Announcement

Brightly-colored fentanyl is being seized in multiple forms, including pills, powder, and blocks that resembles sidewalk chalk. Despite claims that certain colors may be more potent than others, there is no indication through DEA's laboratory testing that this is the case. Every color, shape, and size of fentanyl should be considered extremely dangerous.

Fentanyl is a synthetic opioid that is 50 times more potent than heroin and 100 times more potent than morphine. Just two milligrams of fentanyl, which is equal to 10-15 grains of table salt, is considered a lethal dose. Without laboratory testing, there is no way to know how much fentanyl is concentrated in a pill or powder.

The Lake Havasu City Police Department would like to make the community aware of a new drug that has arrived in Arizona. Methamphetamine, which comes in a pill form and resembles "sweet-tart" candy, has become the latest trend among drug traffickers.

These candy-like pills come in different shapes and sizes and have various imprints that make it harder to distinguish between candy and an illegal drug. This drug is known as "Candy" on the street. The United States Drug Enforcement Administration reports that counterfeit pills are easy to purchase and have become widely available through social media.

Parents are encouraged to educate their children on the dangers of drugs and the risks of taking any pill that is not properly dispensed by a licensed doctor or pharmacist.

If you would like more information about counterfeit pills or any other illegal drugs, please contact:
Public Information Officer: Detective Chris Angus (928) 855-1171

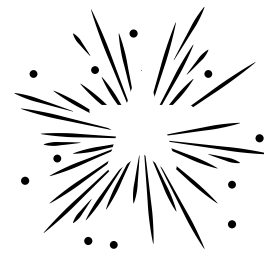

PTA CORNER

Scholastic Book Fair raised over \$6,000 for library/classroom books! Thank you volunteers and families.

Step it Up! Day of Awesomeness event will be on October 20th to celebrate raising over \$20,000 for our school and students. Check the FB for a sign up link to volunteer at the event.

We are on Amazon Smile and Smith's Rewards. This is an easy way to support our Starline Starblazers!
