## DATA GOVERNANCE AND SECURITY Request for Email Account and Other Resources for Contract Employees

For contract employees to qualify for an email account in the conecuhk12.com domain, they shall have a contract on file with Personnel and perform work for Conecuh County Schools on a regular basis. If Conecuh County Schools has a contract with an agency to send "consultants" to Conecuh County Schools on an as needed basis, they generally do not qualify and should use the email account provided to them by the agency. However, we will review all requests.
