XV. Extended School Year Services (ESY)

Extended school year is the provision of special education and related services to students with disabilities in accordance with their Individualized Education Program (IEP) beyond the normal school year of the local district and at no cost to the parents of the students. [34 CFR §300.106] Eligibility for ESY must be determined each year for every child that has a current IEP. CSD Department of Education will submit an ESY budget application and receive approval from MDE/OSE in order to be reimbursed for ESY expenses.

Students with disabilities who turn age twenty-one (21) during the school year and who are eligible for ESY services may be served in an ESY program as determined by the IEP committee.

The continued placement of students in a private facility must be based on the need for ESY services. Placement of students in a private facility only for ESY services requires a Letter of Justification.
