October 14, 2026

Parents/Guardians,

Please be advised that EISD failed to submit a monitoring report to Texas Commission on Environmental Quality regarding chlorine monitoring, routine DBP, Major. The period of operation was from 4-1-2026 to 6-30-2026.

To remedy this issue, EISD is committed to working with Nichol Well Service to maintain all well reporting and service monitoring.

Thank you for your understanding and attention to this matter.

Michelle Davis, Superintendent

Texas Commission on Environmental Quality

Protecting Texas by Reducing and Preventing Pollution

SUBJECT: Notice of Violation: CHLORINE MONITORING, ROUTINE (DBP), MAJOR
30 TAC § 290.110(e)(4)(A), § 290.110(f)(3) - Failure to Submit Disinfectant Level Quarterly
Operating Report
EZZELL ISD - PWSID: 1430010
LAVACA County, TX

This letter contains important information about compliance requirements for your public water system.

Attention: Public Water System Owner / Manager / Operator

The Texas Commission on Environmental Quality (TCEQ) has determined that EZZELL ISD has a monitoring/reporting violation for failing to monitor the disinfectant residual within the distribution system or failing to submit a Disinfectant Level Quarterly Operating Report (DLQOR) to the TCEQ for the following compliance period, second quarter of 2026, as described in Title 30, Texas Administrative Code (30 TAC), §290.110. The attached Violation Report summarizes each violation by monitoring period and rule.

In accordance with Title 30, Texas Administrative Code (30 TAC) §290.122(c), your public water system is required to issue public notification to your customers about the monitoring/reporting violation(s) as soon as possible, but not later than twelve months after the date the violation(s) was identified. The public notice must use the enclosed mandatory language for every notice, and include a brief statement about what you plan to do to fix the problem as described in 30 TAC §290.122(d). This statement must describe what actions the water system is taking to correct the violation, and when the water system expects to return to compliance.

You are required to repeat the notice every twelve months for as long as the violation persists. You should use the same method that you used for the initial notice. Please send a copy of the public notification and a signed Certificate of Delivery for Public Notice to this office within 10 days after it has been delivered. Mail to:

TCEQ - Drinking Water Inventory & Protection Team
Attn: Public Notice (MC-155)
P.O. Box 13087
Austin, TX 78711-3087

Please note that enforcement actions resulting from noncompliance may result in fines for each violation(s).

The TCEQ recommends that the public water system provide a copy of the [Public Notice(s) or Notice of Enforcement] to local and state officials, such as Mayors, City Council Members, County Commissioners, Judges, and/or State Representatives, that are located in or that represent the affected area(s) served by the system.

Public Water Systems are required to use the updated version of the DLQOR form available for download at:

<<https://www.tceq.texas.gov/downloads/drinking-water/disinfectant-report/form-20067-dlqor.pdf>>.

To view your public water system information, including the status of your violation(s) and public notice requirements, visit Texas Drinking Water Viewer at: <<https://dvw.tceq.texas.gov/>>

If you have questions regarding this **monitoring/reporting violation**, please contact:

Leah Rhyne, DLQOR Compliance Coordinator
Phone: 512-239-1062
Email: DBP@tceq.texas.gov

If you have questions regarding **public notice requirements**, please contact:

Kristine Krieg, Public Notice Compliance Coordinator
Phone: 512-239-5723
Fax: (512) 239-3666
Email: PWSNOTICE@tceq.texas.gov
