

Narrative for the Public Hearing Regarding Repairs on School Grounds

12-17-25

Liberty CUSD 2 has enough funds in the Health/Life Safety (H/LS) Fund, also known as the Fire Prevention Fund, to resurface the running track.

The funds currently available and those to be received through property taxes will cover the items listed in the 10-year H/LS Survey 2025.

These listed items must be addressed within the next 10 years for the school building to comply with applicable codes and to provide a healthy and safe environment.
