

Understanding Continuous Improvement: Goals, Objectives, Strategies and Activities

Rationale: The development of goals and objectives to be obtained through strategies and activities is an essential component of executing a continuous improvement plan. In short, the Needs Assessment completed during Phase II expresses the school or district's CURRENT STATE, while goals, objectives, strategies and activities should succinctly plot the school or district's course to their DESIRED STATE. Here are the operational definitions of each:

Goal: Long-term target based on Kentucky Board of Education Goals. Schools may supplement with individual or district goals.

Objective: Short-term target to be attained by the end of the current school year.

Strategy: Research-based approach based on the 6 Key Core Work Processes designed to systematically address the process, practice or condition that the school/district will focus its efforts upon in order to reach its goals/objectives.

Activity: The actionable steps used to deploy the chosen strategy.

Key Core Work Processes: A series of processes that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth.

Guidelines for Building an Improvement Plan

- There are 5 required District Goals: Proficiency, Gap, Graduation rate, Growth, and Transition readiness.
- There are 4 required school-level goals:
For elementary/middle school: Proficiency, Gap, Growth, and Transition readiness.
For high school: Proficiency, Gap, Graduation rate, and Transition readiness.
- There can be multiple objectives for each goal.
- There can be multiple strategies for each objective.
- There can be multiple activities for each strategy.

1: Proficiency

State your **Proficiency** Goal

Goal 1: Increase the average combined reading and math rating for all students in the non-duplicated gap group to 85 in 2021.					
Which Strategy will the school/district use to address this goal? <i>(The Strategy can be based upon the six Key Core Work Processes listed below or another research-based approach. Provide justification and/or attach evidence for why the strategy was chosen.)</i>		Which Activities will the school/district deploy based on the strategy or strategies chosen? <i>(The links to the Key Core Work Processes activity bank below may be a helpful resource. Provide a brief explanation or justification for the activity.)</i>		Identify the timeline for the activity or activities, the person(s) responsible for ensuring the fidelity of the activity or activities, and necessary funding to execute the activity or activities.

Objective 1: All students will demonstrate a proficiency on KPrep, MAP, exit criteria, and other data points.	Teacher training KCWP 2,5	Monthly District PLCs are held to bring together common teachers and grades. Talking points are developed and led by teacher leaders. This is for reading, writing, math and science for grades K-8.	Teacher Attendance Common assessment data MAP success Curriculum documents	Monthly, each 6 weeks for common assessments	
		Spiraling flashback questions have been developed for each content that intentionally review power standards that must be mastered.	Common assessment data MAP data success	monthly	\$0 needed
	Data Analysis KCWP 4	Intentional RTI grouping is developed through multiple data points. All hands are on deck for intervention allowing for small group instruction.	RTI formative assessment data	weekly	\$0 needed
		All data points are reviewed though a PLC process that identifies all novice, apprentice kids and/or failing students in a clear, visible data board at each school.	Success rate Increase of Proficient/distinguished students	Weekly PLC process	
	RTI KCWP 2,3,5,6	Multiple teachers in various grades were trained through PIMSER and KVEC on differing skills related to teaching mathematics such as fractions, etc.	Walk through data	Weekly	\$0 needed
Objective 2:	Teacher Training KCWP 2,5	All schools will participate in Novice Reduction training by KDE.	Decrease of Novice numbers by school	Weekly PLC data points	\$0 needed

Goal 1: Increase the average combined reading and math rating for all students in the non-duplicated gap group to 85 in 2021.					
All students will demonstrate a proficiency on KPrep, MAP, exit criteria, and other data points.		Priority schools will also receive an academic audit using the ELEOT by KDE.	Walk through data	December- May	\$0 needed
