Driving a car to school and parking in the school lot is a privilege, not a right. Students who park in the school lots must register their vehicles (with a fee) and display a school sticker. Vehicles that are parked on school property are subject to search by school officials and/or school resource officers. Student drivers must drive safely and park properly in designated parking spaces only. Students are not to be in the parking lot or in their vehicles during the school day without permission from the office. Those who violate these rules may face loss of driving/parking privileges, face disciplinary action, and/or possible referral to the police
