

REQUEST FOR PROPOSAL

Security Cameras and Door Entry System

FurLOW Charter School is soliciting proposals for furnishing and installing new surveillance cameras, a front entry security door system, and related components as specified in this document.

SCOPE OF WORK

Security Cameras

- Supply and installation of 24 surveillance cameras in locations shown on the attached maps. The following is a breakdown of the specific camera types needed:
 - 19 90 degree cameras, minimum 4-6 megapixel resolution
 - 3 180 degree cameras, minimum 4-6 megapixel resolution
 - 2 fisheye or 360 degree cameras, minimum 120 megapixel resolution
- Additional specifications for all cameras:
 - Integration with our existing exacqVision video management system.
 - High-resolution video capture with day/night functionality.
 - Wide dynamic range (WDR) to provide clear footage in varying lighting conditions.
 - Remote access capability for authorized personnel.
 - Scalability to accommodate future expansion or upgrades.
 - Compliance with applicable privacy laws and regulations.
 - Include warranty information for all cameras.

Security Door

- Supply and install a 1200 lb security door at the main entrance.
- Access control system installation and integration to manage entry and exit.
- Keycard-based access for authorized personnel.
- Door position monitoring and alarm features.
- Compliance with fire and safety regulations.
- Integration with existing security infrastructure.
- Include warranty information on security door and related equipment.
- Disposal of existing door.

INSTALLATION TIMELINE

All equipment must be installed, configured and ready for use by July 31, 2023.

FUND SOURCE

This project is being paid for with ESSER funds. Items, materials, or services purchased must meet all of the requirements and guidelines of the funding source. See the [ESSER FAQ](#) document.

FORM OF PROPOSAL

Proposals should consist of the following information:

- Identification of the point of contact for this RFP process with phone number and email
- Anticipated project start date and timeline, if awarded June 20, 2023
- Experience and qualifications of employees that would be assigned to this project
- Detailed description and specifications of equipment
- Itemized list of proposed costs and any recurring costs

PROPOSAL SUBMISSION

Proposals should be emailed to sduff@furlowcharter.org.

The due date for proposals is June 9, 2023.

Please address questions to Stephanie Duff, Chief Financial Officer, sduff@furlowcharter.org. Questions and answers will be posted on our website at www.furlowcharter.org/purchasing.

EVALUATION

Proposals will be evaluated based on price, adherence to requests within this document, adherence to requirements of funding source, and implementation plan.
