Dear Families,

We have been working hard to help create an awareness of how important it is for students to be at school when they are well. Next month, we will be celebrating each day we have 95% or more of our students at school. If we hit this target for 15 days in the month of October, we would like to have a school wide reward. If you know a business that would like to help support this campaign, please email me! In addition to having good attendance, being on time is also vital to student success. When students are tardy, they are not able to complete their morning routine with their classmates. Bedtime routines can help everyone have a smoother start to the day. To learn more about bedtime routine benefits and tips, click [HERE](#).

Early dismissals are necessary for certain appointments and circumstances, however they also take away from learning time. When you need to pick your child up early, we will wait to call them down until you arrive to limit the amount class time they miss.

there is anything we can do to help with attendance, please email me or your child's teacher. We are here to help!

Proud to be a Trojan!
