Califon Public School Curriculum

Subject: U.S. History	Grade: 2nd Grade	Unit #: 1	Pacing: Marking Period 1
C.S. History	Ziid Grade		
Unit Title: Civics, Government, & Human Rights			

OVERVIEW OF UNIT:

All students will acquire the knowledge and skills to think analytically about how past and present interactions of people, cultures, and the environment shape the American heritage. Such knowledge and skills enable students to make informed decisions that reflect fundamental rights and core democratic values as productive citizens in local, national, and global communities.

All students will acquire the skills needed to be active, informed citizens who value diversity and promote cultural understanding by working collaboratively to address the challenges that are inherent in living in an interconnected world.

the actions of local, state, and national government (e.g.,	What are the processes and rules that should be fair, consistent,	
	and respectful to human rights? (HC) (AS)	

- authority, rights, responsibility, fairness, privacy, freedom to make choices).
- Rules and people who have authority are necessary to keep everyone safe, resolve conflicts and treat people fairly.
- Processes and rules should be fair, consistent, and respectful of the human rights of all people.
- Certain character traits can help individuals become productive members of their community.

• What are some character traits that can help individuals become productive members of their community?

Objectives

- Students will be able to identify the roles and responsibilities of the local community and government leaders and how they provide for their community members
- Students will be able to identify the rules to live by as a result of the actions of government, organizations, and individuals
- Students will be able to explain the actions of some individuals and governments and how they affect the decisions made for the common good
- Students will be able to analyze the democratic principles our country is founded upon and the guiding actions of local, state, and national government
- Students will be able to describe the rules that people in authority deem necessary to keep everyone safe
- Students will be able to list the processes and rules that should be fair, consistent, and respectful to human rights
- Students will be able to explain some character traits that can help individuals become productive members of their community

Assessment

Formative Assessment:

- Group Discussion based on essential questions
- After discussion about what makes a good rule, make a new set of rules for your classand/or school.
- Word Study Activities

Summative Assessment:

- Projects
- Write a persuasive piece about something that you want to change in your community.
- Write an informational piece about a leader in your community or the nation.

Benchmark:

- Unit Test
- Performance Task

Alternative:

- Modified unit test developed by teacher
- Modified projects

Key Vocabulary

• Capitalism, rights, responsibility, government, scarcity, community, citizen, common good

Resources & Materials

- Classroom maps and globes,
- Read aloud/independent reading:
- Studies Weekly
- Scholastic News

Technology Infusion

Teacher Technology:

- Smart Board
- Google Classroom
- McGraw Hill computer program

Student Technology:

- Chromebooks
- Seesaw

Activities:

- The students are using the chromebooks to reflect concepts learned using Seesaw.
- The students are using the McGraw Hill computer program to explore and discover topics being taught.

Standard

Standard Description

8.1.P.C.1	Collaborate with peers by participating in interactive digital games or activities.

Interdisciplinary Integration

Activities:

• The learner will conduct close readings and apply close reading strategies to better understand the content.

21st Century Life Skills		
Activities:		
• The learner w	ill write a persuasive piece about something that they would want to change in their community.	
• The learner w	ill create a community with rules and laws in which their citizens have to live by.	
Standard Standard Description		
9.2.4.A.2	Identify various life roles and civic and work-related activities in the school, home, and community.	

Careers

Activities:

• Students will demonstrate an understanding of concepts through reflections on Seesaw.

Standard	Standard Description
CRP11	Use technology to enhance productivity.

	Standards
Standard #	Standard Description
6.1.2.CivicsPI.1	Describe roles and responsibilities of community and local government leaders (e.g., mayor, town council).
6.1.2.CivicsPI.2	Investigate the importance of services provided by the local government to meet the needs and ensure the safety of community
	members.
6.1.2.CivicsPI.3	Explain how individuals work with different levels of government to make rules.
6.1.2.CivicsPI.4	Explain how all people, not just official leaders, play important roles in a community.
6.1.2.CivicsPI.5	Describe how communities work to accomplish common tasks, establish responsibilities, and fulfill roles of authority.
6.1.2.CivicsPI.6	Explain what government is and its function.
6.1.2.CivicsPD.1	Engage in discussions effectively by asking questions, considering facts, listening to the ideas of others, and sharing opinions.
6.1.2.CivicsPD.2	Establish a process for how individuals can effectively work together to make decisions.
6.1.2.CivicsDP.1	Explain how national symbols reflect on American values and principles.
6.1.2.CivicsDP.2	Use evidence to describe how democratic principles such as equality, fairness, and respect for legitimate authority and rules have
	impacted individuals and communities.
6.1.2.CivicsDP.3	Explain how historical symbols, monuments and holidays reflect the shared values, principles, and beliefs of the American
	identity.
6.1.2.CivicsPR.1	Determine what makes a good rule or law.
6.1.2.CivicsPR.2	Cite evidence that explains why rules and laws are necessary at home, in schools, and in communities.
6.1.2.CivicsPR.3	Analyze classroom rules and routines and describe how they are designed to benefit the common good.
6.1.2.CivicsPR.4	Explain why teachers, local community leaders, and other adults have a responsibility to make rules that fair, consistent, and
	respectful of individual rights.
6.1.2.CivicsCM.1	Describe why it is important that individuals assume personal and civic responsibilities in a democratic society.
6.1.2.CivicsCM.2	Use examples from a variety of sources to describe how certain characteristics can help individuals collaborate and solve
	problems (e.g., open-mindedness, compassion, civility, persistence).
6.1.2.CivicsCM.3	Explain how diversity, tolerance, fairness, and respect for others can contribute to individuals feeling accepted.

6.3.2.CivicsPD.1

With adult guidance and support, bring awareness of a local issue to school and/or community members and make recommendations for change.

Califon Public School Curriculum

Subject:	Grade:	Unit #: 2	Pacing:Marking Period 2
U.S. History	2nd Grade		
Unit Title: Geography, People, & the Environment			

OVERVIEW OF UNIT:

All students will acquire the knowledge and skills to think analytically about how past and present interactions of people, cultures, and the environment shape the American heritage. Such knowledge and skills enable students to make informed decisions that reflect fundamental rights and core democratic values as productive citizens in local, national, and global communities.

All students will acquire the skills needed to be active, informed citizens who value diversity and promote cultural understanding by working collaboratively to address the challenges that are inherent in living in an interconnected world.

Unit References		
Big Ideas	Essential Questions	
 Physical and human characteristics affect where people live (settle). A map is a symbolic representation of selected characteristics of a place. Geographic data can be used to identify cultural and environmental characteristics of places. Environmental characteristics influence how and where people live. Global interconnections occur between human and physical systems across different regions of the world. 	 What are the physical and human characteristics that affect where people live? How is a map a symbolic representation of a selected characteristic of a place? How can geographic data be used to identify cultural and environmental characteristics of places? What are some environmental characteristics that influence how and where people live? What are the global interconnections that occur between human and physical systems?(HC) (AS) 	
Objectives	1	
Students will be able to describe the physical and human characteristics that affect where people live		

Students will be able to identify a map as a symbolic representation of a selected characteristic of a place

• Students will be able to analyze geographic data and explain how it can be used to identify cultural and environmental characteristics of places

- Students will be able to list some environmental characteristics that influence how and where people live
- Students will be able to describe the global interconnections that occur between human and physical systems

Assessment

Formative Assessment:

- Group Discussion based on essential questions
- Draw a map that shows the landforms in your state.
- Create a graph or chart of climates around the country and analyze the data.
- Word Study Activities

Summative Assessment:

- Projects
- Develop a plan to use resources in the school more wisely
- Write an opinion piece about the biggest environmental problem you see in your community.
- Write about how people use land and water in your community.

Benchmark:

- Unit Test
- Performance Task

Alternative:

- Modified unit test developed by teacher
 - Modified projects

Key Vocabulary

• Landforms, climate, coordinates, distance, map key, map symbols, map legend,
