NEW BUSINESS

The board began their work session to develop a board goal. Dr. Rod Green from MASB joined the Board of Education virtually to lead them through the development process.

Dr. Green reviewed the results of the board self-evaluations the board members completed the weeks prior to the meeting. Dr. Green used the data to highlight the areas of strength and the areas of improvement.

The board, in collaboration with Dr. Green then applied the data to create a board goal, which is, “We will follow board code of conduct and continue to enhance our boardsmanship”. The board then reviewed, discussed, and agreed to fifteen code of conduct pieces, as well as several objectives and training protocols to help them accomplish the goal that was created.

The board agreed to reconvene for another workshop on July 25th. Dr. Green will help lead this workshop with the topic of focus being Board Roles and Relations.

ADVANCE PLANNING

Motion by Klenow, support by Butzin to adjourn at 8:20 p.m. Motion carried unanimously.
