Superintendent

CONECUH COUNTY SCHOOLS

CCS COVID-19 DASHBOARD

The Conecuh County Schools (CCS) COVID-19 Dashboard provides not only the most recent dates facilities were impacted by COVID-19 but also the total number of quarantined individuals and positive cases for each school and for the district at large. The dashboard will be updated weekly each Tuesday.

CCS' nurses address and assess positive cases on an individual basis and respond to these situations by following guidance from the Alabama Department of Public Health. If situations and conditions warrant a school closure, students will temporarily transition to remote learning. In the event this occurs, those closed school facilities will be notated.

When impacted individuals test positive for COVID-19, standardized safety procedures will occur and may include the following: the impacted individual self-quarantining, disinfecting at the school or facility, and any persons with a direct exposure to a person testing positive for COVID-19 self isolating per ADPH guidelines from the the last date of exposure.

View Alabama's K-12 COVID-19 School Dashboard for data on cases in each school district.
