

ATTENTION

Public Notice:
Charter School Request
October 2022

Premier Arts and Science Charter School has formally submitted a charter school renewal request to the Harrisburg School District. The reauthorizing process occurs every five years, after an initial charter has been approved by the school district where the charter school is physically located. This is our second reauthorizing process. We thank everyone for their continued support of Premier Arts and Science Charter School, since July 9, 2012.
