TTK - 2nd Grade

April Student of the Month: Gunner Breidel

I am so happy to talk about the TTK-Grade 2 Student of the Month! Gunner Breidel is a rare type of learner. He works HARD and he CARES about being a successful student. Gunner's determination to succeed is driven by his commitment to do what it takes to reach grade level expectations. He relishes feedback and is eager to make corrections so he can produce quality work. Gunner's growth mindset and perseverance are hard-to-find assets that will make him a super successful citizen. I adore working with him and am eager to see where life will take him. **Way to go, Gunner!!**

3rd - 6th Grade

April Student of the Month: Scarlett Gonzalez

I am proud to recognize Scarlett as our April Student of the Month! She works hard every day to improve and grow, always putting in great effort during class. This month, Scarlett has shown amazing progress in their AR goals and has been challenging herself by choosing more difficult books to read.

In math, she has really excelled at multiplication and is showing a strong understanding of the concepts we've been learning. What makes her stand out even more is her willingness to help. Scarlett is always one of the first to volunteer and is a positive role model for others.

Keep up the great work, Scarlett. We are so proud of you!

TK and Kindergarten

Mrs. Tinnin

We are excited to have moms come to our classroom for Muffins with Mom on Friday!

This week, kindergarteners continued to learn about the silent e in words like game, same, hike, and kite. They also finished with their animal research and presentations. Students had fun sharing what they learned about their animals with the class. TK is learning about desert habitats. TK is also practicing the sound pictures for the letters M, A, T, D, O, C, G, I, E, B, Y, N, R, and the letters in their name.

In math, kindergarteners finished learning about comparing the length, height, and weight of different items. They started sorting and classifying. TK continues learning to write the numbers 1-5 and solve simple story problems with numbers up to five.

Thank you for sending in the items for the auction basket!

First and Second Grade Explorers

Mrs. Mittge

Wishing all of you mothers a very happy Mother's Day! It was so nice to see all the very special mothers on Friday for Muffins With Mom. Our class had Mother's Day gifts on desks and activities to do with our mothers as families snacked on muffins.

Our auction basket looks great and is ready for Friday night bids! Thank you for your generous donations! We will also be auctioning a few of our chicks!

Just a reminder that our class will keep working on first, second, and third grade skills all the way until the last day of school so that we will have every opportunity to meet grade-level objectives.

Please keep reading every night aloud for 30 minutes. Reading is the most reliable way for students to meet grade level expectations.

Third and Fourth Grade Classroom

Mrs. Mars

SBAC testing starts Monday. Please make sure your child is well rested and has a filling breakfast so they are ready to work hard and show off all their knowledge. No need to stress, they are going to do amazing!

The kids did an amazing job on their artwork that we sent to the Lewis County Youth Fair. This year our class won Junior Champions!

Fifth and Sixth Grade Classroom

Mr. Burlingame

We have been very busy this week and will be next week working to finish up as much of the curriculum as we can before SBAC testing. This year the annual state test is scheduled for May 12 through May 30th. Our testing schedule has been designed to only test students in the morning during core subjects while keeping their schedule in the afternoon the same. This way they don't miss PE, Music, Library, Technology, or any of the other specialist classes that they enjoy. We have also scheduled a few events that will happen during the testing window to give students mind breaks and let them relax a bit after working hard all morning. Because the schedule allows students to still do their active classes and because of the events in the afternoons, it is imperative that students are present at school and on time to school during the testing window. Please make sure that they get a full night's sleep and eat a full breakfast before coming to school so that they can do their best. Thank you for everything you do for Evaline!
