

North Country Charter Academy ~ Lancaster Site ~ 2023-2024

Title 1 Art

Throughout the year, teacher Mrs. Becker has been producing art with the students weekly. From crafting dreamcatchers, to carving pumpkins, to sculpting with soapstone, the students have explored various materials and showcased their creativity!

Title 1 Science

Each week, students were welcomed to join the White Mountain Science Institute team and engage in various science topics. This included the design process, amplification, and even a visit to the local Israel River to analyze the water quality.
