Message From The Principal

September is here and school is in high gear. On behalf of our faculty and staff, I cannot thank you enough for the wonderful first month of school. We celebrate the success of our Annual Title I Meeting/Open House event that was held on August 31, 2023. We had a wonderful turnout, and we were excited to meet with our families. We invite all parents and guardians who were unable to attend to visit our website to view important information discussed during the meeting. Please note that there will be no school on Monday, September 4th in recognition of Labor Day, and September 11th which is Teacher Workday.

Our students have started their units. We are so excited to get busy with our skills! We look forward to greeting fall this month and encourage you to stay involved in your child's education. Thanks to our parents for allowing us to love your children and get them ready for school! Working together as a team, your child will be the winner.

Ms. L. Thompson-Love
Principal
