The “Link” Between the School and the Community

From Dr. Tod A. Hug, Superintendent

FROM THE DESK OF TOD HUG:

UPDATE ON THE SCHOOL CONSTRUCTION PROJECT:

Wow! What a busy, busy year this has been! The construction of the new K-12 school building was completed mid-year, with ongoing punch lists continuing as we progress with the “break-in” of the various systems in the new facility. As I reflect on the past school year, I believe the children (and staff) attending school during this transition from old building to new building have learned far and above what other children (and staff) could ever have hoped during a single year of education:

Observing the construction of the new building while doing their best to learn in the old building, preparing for the big, mid-year move into the new building, assisting their teachers with the move, learning new daily routines, responding to change in a rational manner, and for many high school students who drive, trying to find a place to park and then traverse the site-work to walk into the school! These are all learning experiences that they never would have had in a “normal” school year.

Those of you reading this newsletter who were attending school back in the early 1970s who woke up one morning to learn that your school had been destroyed by fire during the night have had similar experiences. The circumstances at that time surely added more anxiety to the situation. The school fire and the ensuing challenges is not an experience that you would wish upon any community, yet, you all recall the memories, both good and bad, associated with that tragic time.

Through all of the inconveniences of the past 3 years, I truly believe we are all better-off for it and have learned from the process. I know I have both from a professional and personal standpoint. The future is definitely bright for the school district.

I am happy to report that, if all goes as planned, when the students return on September 4th these inconveniences will be behind us. Of course, there will still be new things to learn and new routines to respond to, but we will have parking lots, we will have sidewalks and we will be excited to have a new state-of-the-art school, with a wonderful campus to go along with it!

The project is still on schedule for completion by the end of August, 2018. We have the formal dedication of the project scheduled for Sunday, August 26th. The start-time has yet to be determined, but mark your calendars.

STAFF CHANGES:

The end of this school year marked the retirement of only one employee from our district:

Sue Garretson, will be retiring after having served 29 years in the district. We wish Sue a long and healthy retirement.

We will have one new teacher on our staff in the fall. Katherine Bell has been hired as an Agricultural Science teacher. Katherine is an LC graduate and will be working with Mr. Readshaw in the Ag. Science Department and the FFA. Please join me in welcoming Miss Bell to our school.

7th and 8th Grade Quiz Team Winners

Congratulations to both the 7th and 8th Grade Quiz Teams for Winning the Henry County Quiz Team Tournament!

PayForIt Update

PayForIt is the online payment system we have used since 2004 for parents to pay for their children's school lunches and fees. PayForIt allows parents the option of using a credit card or ACH to make payments, rather than sending cash or check with their student. PayForIt also allows you to automatically replenish your child's lunch account as needed, as well as review their purchase history for the last 30 days.

PayForIt charges a "Convenience Fee" for all transactions processed. The School District has paid these costs since 2004 and this year our fees are almost \$10,000! As such, we can no longer afford to pay the fees.

As of July 1, 2018, Parents will be responsible for paying the "Convenience Fees" when they make a payment online. Credit Card payments for Lunch - \$49.99 or less will be charged a \$1.65 "Convenience Fee"
Credit Card payments for Lunch - \$50.00 or more will be charged a 3.9% "Convenience Fee"

Credit Card payments for School Fees – 3.9% "Convenience Fee"

All ACH payments through PayForIt will be charged a \$1.75 "Convenience Fee"

For example – if you choose to use the PayForIt system and add \$30 to your child's lunch account using your credit card, you will be charged \$30 + \$1.65 Convenience Fee for a total charge of \$31.65. If you choose to pay via ACH, you will pay \$30 + \$1.75 for a total charge of \$31.75.

If you add \$55 to your child's lunch account using a credit card, you will be charged \$55 + \$2.15 (3.9% Convenience Fee) for a total charge of \$57.15. If you pay \$55 via ACH, you will pay \$55 + 1.75 for a total charge of \$56.75.

If you choose not to pay the additional credit card fees, you may send cash or check with your child to be applied to their school fees or lunch account

We have parents ask each year about how to transfer money from one child's account to another – please contact our Cafeteria

Supervisor, Donna Eickholt, and she will assist you. (419-533-0006 or email deickholt@libertycenterschools.org). Ms. Eickholt can answer any questions you may have regarding your child's lunch account.

Yearbook

The 2017-18 version of the *Tigeron* yearbook is now complete and has been sent to the printer. If you did not reserve a copy of the book for this year, there will be one more opportunity to purchase a book in September. Those who did order books will get their yearbooks once school begins in September. Be sure to read the *Liberty Link* for information about buying extra books next September.

6th Grade Science Learns about SEM

Cassandra Pittman and Kristen Krischbaum, University of Toledo faculty, visited our 6th grade Science classes on April 12, to share the Universities' Scanning Electron Microscope (SEM) with us. We connected via Google Hangouts with Kristen on campus, so that students could view the actual microscope, and so that the samples could be loaded in Toledo, so we could view them in Liberty Center. Students learned how the SEM works, discussed what researchers and local industries are using the SEM for, and finally had the opportunity to view samples of a killer wasp's compound eye, pollen, blood cells, and a tick.

More information about the S.C.O.P.E. outreach program can be viewed on the website below.

Spelling Bee Winners

On Tuesday, February 13th, Liberty Center Middle School hosted their 2018 Spelling Bee. Top spellers were selected from each grade level. After 13 rounds of rigorous competition, sixth graders Kiersten Maas and Reese Kessler remained. Miss Kessler correctly spelled “taxidermy” for the win.

Both Miss Kessler and Miss Maas then represented Liberty Center at the Henry County Spelling Bee held at Patrick Henry Middle School on March 6. Kiersten Mass finished second place at the County Spelling Bee. Congratulations Kiersten!

Miss Kessler represented Liberty Center at the Toledo Blade Northwest Ohio Spelling Bee held on March 10th.

The Ohio Department of Education has selected Liberty Center Schools as a 2018 Purple Star designee. This award commends Liberty Center Schools for our outstanding commitment to serving military students and families in our district.

The Ohio Department of Education's Superintendent, Paolo DeMaria, stated in his letter to Dr. Hug, “Your dedicated program truly serves as an inspiring model for other schools in Ohio to follow”.

Mr. Brett Green submitted the application to the Ohio Department of Education on the district's behalf. Mr. Brett Green, Digital Academy Coordinator, is also a Major in the Ohio Army National Guard.

Virtual Reality in the Classroom

Eighth graders in Mr. Steven Doseck's class have been using virtual reality to learn more about their science topics. Mr. Doseck uses virtual reality headsets and the Google Expeditions app to act as a guide on virtual field trips. When students put on the headset, he is able to lead them through collections of 360 and 3D images. He can direct what students are seeing and point out specific points of interest. Using these headsets, students have been able to see erosion, deposition, earth's landforms, oceanic life, and human anatomy first hand. Students say it's fun because it's a new way of experiencing the topic. Mr. Doseck agrees that it is a great way to peak students' interest in the topic and expose them to some advanced technology to prepare them for the future.

STEM Lab

The STEM Lab is a room in our new building that is equipped with materials that teachers can use to teach Science, Technology, Engineering, and Math concepts. Hands-on materials include things like cardboard, foam, string, craft sticks, and magnets that students can use for designing and building challenges and projects. There are also several types of building material kits such as Legos and K'Nex, as well as special kits designed to teach about electricity, circuits, and chemistry. Below is a picture of Ms. Echler's second graders using the Lego Story Starter kits to tell about the stories they've written. They also used a stop motion app to take pictures of the different scenes and put together a video of their story. You can see some of their videos at the following link.

Announcing the 2018-19 L.C.H.S. Marching Band Student Leadership Team

In early May, the student leaders for the 2018-19 L.C.H.S. Marching Band were selected. The candidates had to audition and interview in front of the band and were selected by the band students and Mr. Riley. We were fortunate to have numerous highly qualified students which made this year's decisions particularly difficult. Congratulations to the following students for earning leadership positions:

Woodwind Leaders: EricaRae Herrick and Sydney Storer

Brass Leaders: Jasmine Light and Erica Minnich

Percussion Leaders: Ian Lanzer and Sam Storer

Drum Major: Lydia Murrey

Band Captain: Sydney Storer

Congratulations Band Seniors!

We recently graduated nine students who participated in the band program at Liberty Center throughout their middle school and high school experience. This year, all of our seniors were not only four-year high school band members, but each of these students were eight-year members of our program, beginning all the way back in the 5th grade and continuing through their senior year. We wish to congratulate Luke Cross, Seth Grine, Bailey Grooms, Jeremiah Kessler, Blake McGilvery, Sam McMaster, Kirsten Roseman, Sam Sanchez, and Brad Tonjes for their incredible dedication and service to our program!

Additionally, three of our band seniors placed in the Top 10 of the Class of 2018! Congratulations to #7 Jeremiah Kessler, #2 Sam McMaster, and #1 Brad Tonjes!

The Band Program wishes to extend a big Congratulations and Best of Luck to all members of the Class of 2018!

Congratulations to the 2017-18 L.C. Band Award Winners!

Recently, the L.C. Music Department recognized the achievements of several outstanding members of our band program. Some of these awards were voted on by fellow band students while others were selected by Mr. Riley or the Music Boosters. Congratulations and great job to the following students:

Outstanding 5th Grader: Leah Orr

Outstanding 6th Grader: Kinze Jaqua

Outstanding 7th Grader: Sam Zeiter

Outstanding 8th Grader (M.S. Band)-Gabe Oberhaus

LIBERTY CENTER ATHLETIC BOOSTERS
2018/2019

Tiger Club Membership

Our brand new “Tiger Club” program gives individuals, families, and businesses the opportunity to become L.C. Athletic Booster members, at several different donation levels. These different levels (or “Clubs”) can be found at the bottom of this page. Members of the Bronze Club and above will have their names publicized in the sports programs and will also be recognized in various ways at sporting events. If you prefer, your donation can be made anonymously. **Donating at any level makes you a Booster Member for the 2018-19 school year and also allows your children to apply for our \$500 college scholarship.**

The Liberty Center Athletic Boosters are a not-for-profit organization that spends every dollar made to better the athletic experience of each student-athlete who wears the orange and black. In recent years we have funded or helped fund the following projects at Liberty Center Schools:

Turf for Indoor Practice Facility	Basketball Shooting Machine (Dr. Dish)
Soccer Goals and Netting	Wrestling Mats
Tiger Timing System for Track	Padded Chairs for High School Gym
Cross Country Heart Rate Monitors	Track Pits and Tent
Baseball Cold Weather Jackets	Cheerleading Tumbling Mats
Football Helmet Reconditioning	Volleyball Net Poles and Padding

And that’s just to name a few! We sincerely hope that you will consider joining the “Tiger Club.” The more participation we receive, the more we are able to give directly back to our kids.

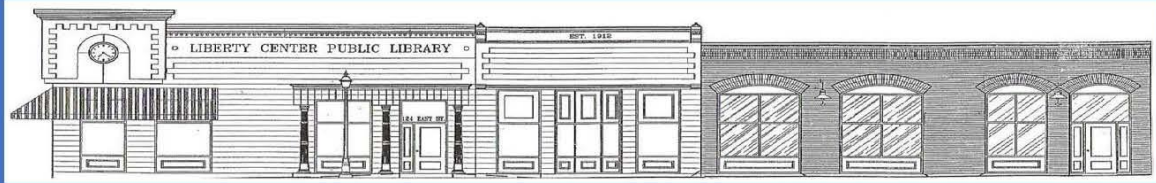

Thank you for your time and thank you in advance for your generosity!
