Question:

1. Is there a number/device inventory that will be available so that vendors will know how many devices are located at each location?

Answer:

1. This is a new bid and MCPSS does not have a list of how many devices are at each site. As per Part 4, Section B, the bidder is responsible for visiting each site and determining what is necessary to complete the job. This includes quantity.

Please see the Questions & Answers posted on the website. Bidders are responsible for visiting the website and checking for answers to any further questions.

If you should have any questions, please contact the Purchasing Department.
