Assessment days will be the final two days of each semester. Teachers may assess students in various formats to include but not be limited to final exams, projects, etc... The assessment grade will be weighted 10% of the final semester average. Therefore a student's semester average could be affected negatively should students not do well on the final.

Students will be required to attend assessment days if they are failing a course, or have absences exceeding the following: Five absences: 90 or above average/ Four absences: 80 or above average/ Three absence: 70 or above average

*Medical notes and administratively excused absences will be exempt from the above absence counts.

***Academic teachers will announce exemptions to students on
Monday, December 16th, 2024, via an Exemption Status Form given to students.**
