IMMEDIATE RELEASE

April 3, 2025

CATE DEPARTMENT HOSTS SUCCESSFUL STUDENT JOB FAIR, CONNECTING STUDENTS WITH CAREER OPPORTUNITIES

The Career and Technical Education (CATE) Department of the Williamsburg County School District (WCSD) recently hosted a highly successful Student Job Fair, providing students with direct access to local employers and real-world career opportunities. The event took place on Thursday, April 3, 2025 at the Dr. Rose H. Wilder Multipurpose Room at the District Office Complex of WCSD. The event drew participation from dozens of companies and numbers of students.

The fair featured a diverse group of employers representing industries such as healthcare, business, skilled trades, information technology, public service, and more. Students engaged with recruiters, explored internship and job opportunities, and gained valuable insight into the skills and qualifications needed in today's workforce.

"The turnout and level of engagement were incredible," said Mr. Torrance Wilson, WCSD CATE Director, "Events like this help our students make informed decisions about their futures while building connections with professionals in their fields of interest."

Highlights of the job fair included:

- On-site resume reviews and interview tips
- Applications for internships, part-time, and full-time positions
- Live demonstrations from industry professionals
- Networking opportunities with potential mentors and employers

This event reflects the CATE Department's ongoing commitment to preparing students for college and career success through hands-on learning and community partnerships. The Career and Technical Education (CATE) Department at [School/Organization Name] empowers students with the technical, academic, and soft skills needed for success in high-demand industries. Through innovative instruction and strong employer connections, CATE programs bridge the gap between education and employment.
