A.I.M. TO SUCCEED

N I T A M L O W E Y 2 1 S T C C L C P R O G R A M

Welcome to our afterschool family's newsletter. This newsletter is to provide information about our program, school, and community. Again, our program will operate Mondays - Thursdays from 3:15 Pm - 5: 30 PM. We offer methods to enhance students academic assistance, character-building, and enrichment needs. The first hour of our program is designated for academics, while the 2nd hour is for recreational/enrichment activities (SEL activities, sports, arts and crafts, coding, gardening, dance, etc..).

We help build the connection between school and family with Family Literacy activities(virtually), Family Nights(virtually), and provide support for students to enhance skills in afterschool to benefit student's success within regular school and life. We are building knowledge, having fun, and creating a positive haven within our new normal.
