

Glen Ullin Public School

Principal Report

June 11, 2025

The end of the school year ended well with Spring Concerts and academic awards presentations. I am finishing up end of the year reports. McKenzi, Janell, and I are attending the PowerSchool End of Year Workshop Wednesday, June 4 in Bismarck.

We hired a physical education teacher, JJ Krenzke. We are still waiting for the decision of a preschool/kindergarten teacher. We are also waiting for a final decision on our counselor. We should get decisions on those positions the week of June 2-6. Also during the week of June 2-6, we have four interviews scheduled with candidates from the Philippines. There may be delayed processing of J1 international teacher by the US Government. We will have to see how that plays out if we hire international teachers.
