Item Clarification:

To clarify, item 6 should be “student chairs”. There was a prior version of the RFP which read “student desks”. Also, for item #12 “teacher workstation” we will need four (4) metal stools to be added to the order that fit the workstation.

Shipping:

We will need items to be shipped to the school.

Delivery Details:

We can receive shipped items as early as July 5, 2023. The latest we can receive items is July 21, 2023. We will need a delivery lift to lower the items to the ground level.

Installation:

We do not need installation services.
