29	<p>I believe too much emphasis is put on behavior and not enough on academics at Tucker. Maybe it's that way at other schools, I don't know. However, I believe that if there was more emphasis put on academics, the kids that are the behavioral problems would be dealt with and the students that wanted to learn and grow would be given a better opportunity to do so. It's disheartening to me, as a parent, that my children who act right in class, aren't academically excelling because so much emphasis has been put on behavior issues. The students who want to do well and who work hard do not get enough validation. My child brings home All A's and 2 B's and there isn't any light shone on that. However, if they have perfect attendance, that's something worth an award!? That is crazy to me! And only those students with 1 B and the rest A's get an award. Tell me how that's ok?</p>	2/5/2024 2:12 PM
