September 15, 2023

Dear Parents/ Guardians,

On Friday September 15, 2023 at approximately 10:55am, multiple emails were received stating a bomb was present in every school. Our evacuation plan was immediately implemented and the appropriate authorities were contacted. The Pennsylvania State Police, Perryopolis Borough Police, as well as local EMS personnel, responded quickly to assist in the coordination of our evacuation, traffic control, reunification process, and dismissal. Multiple agencies provided bomb sniffing canines to sweep the schools, including all structures at the football stadium. The Pennsylvania State Police are handling the investigation.

During events such as these, we will make every attempt to update you as soon as possible with information as it becomes available. However, our first priority is to make sure our students and staff are safe prior to attempting an early dismissal or releasing students to their respective parent or guardian. The patience and understanding displayed by our parents and guardians during today's event is not only greatly appreciated, but necessary in order for us respond to emergency situations in a calm and orderly manner.

Thank you again for your continued support,

Sincerely,

William R. Henderson III
