

Vision

Every Student succeeds and is prepared for college, career, and life.

Mission

We prepare all learners to become productive citizens and college/career ready by providing challenging learning experiences and establishing high expectations for achievement.

HIGH SCHOOL DISTRICT

FAMILY RESOURCE CENTER

Where greatness grows

We focus on providing district families with the knowledge, tools and motivation to help their students succeed in school and in life.

About us...

The Family Resource Center is a place where you can obtain resources, check-out learning materials, participate in programs, workshops and trainings. We provide families with information on educating and supporting student learning in school and in the home. We offer interpretation/translation services for the district.

The Family Resource Center empowers families and cares for students by offering resources and helping to connect families with community resources.

We work toward successful community integration of parents and students. We encourage all parents to become partners in education by being better informed and participating in school and community activities.
