

# THE BRONC

Volume 21 – 1st Edition September 2021

## **School spirit** by Izzie Long

Every week in pride time we talk about a new topic and this week is about enthusiasm. Some of the students realized that our school enthusiasm is very weak. We need to have more school spirit. Some ways we can do that is by decorating the school for every game and making dress up days for the home games. Another thing that we need to do is start a student section at the games. We need to think of some more ways to increase it and show that we are proud to be a Bronc and represent our school. If you have some more ideas about how we can do this talk to Coach Nance and give him your ideas!

## **The Pride of KHS** by Brynna Brownell

The KHS band is currently practicing for field marching which will happen on October 13th at Enid High School. They will be performing at Enid High School to qualify for Districts. They will have a great and entertaining field show that is very unique. The drum majors for this year are Harris Keithly and Madison Morris. They would all love for you to come and watch, and are excited to show everybody the talent that they have.

## **Lady Bronc Softball ranked #7** by Hannah Baugh

Lady Broncs are currently ranked #7 in the class B rankings. They are doing amazing with their games they have played. We are now 14-2. On 08/31/21 we played Timberlake and won with the score of 13-2. The girls, I believe, will go out and do amazing things this year! Congratulations to the Softball team and keep up the good work!

## **Saying goodbye to wonderful teachers** by Izzie Long

Last year was the last year teaching for two amazing teachers. Mrs. Chesser and Mr. Campbell were two amazing teachers who taught you everything you needed to know and tried to make sure you were having fun while doing it. They were always smiling and happy and loved to teach. Mrs. Chesser taught junior high English and Reading and some extra classes depending on the year. Mr. Campbell taught junior high and high school science. They are absolutely missed this year and I wish them the best in their adventures to come.

## **Bronc Football Update** by Kadence Stewart

Kremlin-Hillsdale News Football  
The Kremlin-Hillsdale football team started off the season hot this year. They played DCLA and they ended the game at halftime 46-0. They haven't run-ruled somebody at halftime since 3-4 years ago. The Kremlin-Hillsdale Broncs will be playing Corn-Bible Academy September 3rd. They will be going to Corn-Bible Academies home place and they will try and win their first away game of the season.

## Pride

by Izzie Long

Kremlin-Hillsdale has started a 20 minute period in the day where we get into groups and talk about the importance of success and believing in ourselves. DO RIGHT is our new school motto. On Mondays, the 6 through 12 graders gather in the practice gym and we learn something important to apply to our everyday lives and to use with others. On Tuesday through Thursday we go to our designated group spot and we discuss the topic of the week and how we can apply it to the everyday things we do. On Friday we do fun activities like going to the football field to play games. I think this is a great thing we do and it is a fun thing to do every day and we get to meet new people and get to know them.

## Welcoming the new teachers

by Brynna Brownell

Mrs. **Molly Johnson** used to work at Emerson middle school in Enid OK . Mrs. Johnson decided to become a teacher at Kremlin because Kremlin is the community in which she lives in and she has relatives that attend Kremlin. Also, her husband graduated from Kremlin and they are going to have their children attend Kremlin. She decided to be a teacher because she loves math and kids and strives to teach children to also love math.

Mr. **Bryce Gannon** used to be a stay at home dad while obtaining his Master's Degree in Education. He currently has two more certifications to finish which are the OPTE and OGET, to be a certified teacher. Mr. Bryce Gannon decided to be a teacher because he has always been interested in education and started with a counselling degree. The current classes Mr. Gannon teaches our Spanish 1 and 2, the Current Events class, and helps tutor and teach math.

## Cross Country News

by David Granberg

The Kremlin-Hillsdale cross country team had been preparing for this year's season for quite some time now. With many new additions to the team they have been working to get in shape and begin racing. On the 14th both the boys and girls teams went to the Enid meet located at NOC and made a good showing. The meet gave a good understanding of how much more work was needed to get to peak condition and what was needed to win competitions. On Saturday the 28th the team also participated in the Kingfisher meet and did very well.

## New chrome books

by Izzie Long

At the end of last school year (2020-2021), the Kremlin Hillsdale Academic Enrichment Foundation funded new chrome books for all of the students. There are enough for everyone Pre-K to 12th grade, which is about 220 new chrome books. Each student has their own personal chrome book that is theirs until they graduate. I think it was a very good investment and it was a very good decision. We the students would like to thank the Foundation for the generosity and for spending the money on them. It is very nice to have our own chrome book without sharing it with others. So thank you!

## Interviews with Admin

by David E. Granberg

DG: What are you looking forward to this year?

Mr. Patton: Staying in school all year and being in school all day.

Mr. Neal: No outbreak of Covid, and for the students to have a good year of education without interruptions at a good place that we haven't achieved the last few years due to Covid.

DG: What are some things that you are interested in seeing done?

Mr. Patton: Completing the new all-purpose facility.

Mr. Neal: First of all seeing the athletic teams flourish both girls and boys. I would like to see the band have the opportunity to play in state competitions which was cut short last year. I am really looking forward to the academics teams in high school and 9th grade. I hope to see them qualify for state, possibly even the elementary could go.

DG: Anything newsworthy going on from an administrative standpoint?

Mr. Patton, The completion of the new Football and Softball stadium lights.

Mr. Neal: New additions to the staff. Mrs. Johnson in mathematics, she seems to be settling well and being well received. I think we have had an increase in the student numbers which is helpful for keeping the lights on and the floor clean.

DG: Anything you would like to say to the student body?

Mr. Neal: I would like to say that when you come to this school we are all under the same umbrella. We are all Broncs. When we come to that school each and every day we come to be successful and to provide a safe learning environment.

**Bronc Pride**  
by Kadence Stewart

Our school this year has been very dedicated to having pride in our school. Coach Nance has been preaching to our students about leadership and being a family per say. This is a good thing for the school to come together and make Kremlin-Hillsdale an entire family. There is also a lot of fun that comes with this too. Every Friday we will go outside as a school and do fun activities. Everybody is split up into groups and they learn as a group. We also have thankful Thursdays. This is where all students write a thank you note to whomever they want and they give them the note in person. This Bronc Pride thing is becoming very good for our school. Thank you to Mr. Nance. Go Broncs!!!

**Covid-19**  
by Hannah Baugh

Covid as we know it has gone up again from the last time that the numbers had gone down. All around Oklahoma the hospitals have no rooms for other patients because of all the Covid patients which isn't good because most people need medical attention that's not related to Covid. The numbers have gone up numerous times. There are 167 active Covid cases in Garfield county, and the numbers are still rising. Oklahoma has been reported to have 15,000 new cases of Covid. There have also been 7,676 deaths in Oklahoma. It's very sad to see all these people passing from Covid and getting very sick from it. I think we are all ready for Covid to go down in numbers!

**CHILD FIND**

Kremlin-Hillsdale Public School provides educational opportunities, in accordance with IDEA, to students with disabilities from ages 3-21. Any person having knowledge of a student with a disability or a suspected disability and in need of special education services and/or related services, please contact:

**Jim Patton**  
**Superintendent of Kremlin-**  
**Hillsdale Public School**  
**P.O. Box 198**  
**Kremlin, OK 73753**  
**(580) 874-2284**

**Staff of THE BRONC**

THE BRONC is being produced this year by Mr. Vaught's newspaper class. Members of the class this semester are: Hannah Baugh, Kadence Stewart, Brynna Brownell, Izzie Long, Braxtyn Rothermel, and David Granberg. This paper is published at least once a quarter.
