Dear Stewart County Elementary School,

Welcome to the 2022-2023 school year! I am so excited to be a member of the SCES family and to begin this new school year with you. Our *mission* is to "*provide a quality education for all students*". Our *vision* is to "*become one of the highest performing districts in the state of Georgia*". I believe we can fulfill both our mission and vision for the scholars in the Stewart County School District. This will require an ongoing collaborative effort of all stakeholders to include administrators, teachers, support staff, bus drivers, custodial staff, cafeteria staff, scholars, parents, school board members, central office staff and community members. Every role is vital to the heartbeat of our success.

Our goal this year is to be even more intentional about *reading*. As we strive to improve literacy across all grade levels, I'm asking you to *encourage reading daily* during and away from school. Hopefully, the arrival of the new books being ordered will be one of the incentives for scholars to visit the media center and check out books throughout the school year!

We will strive to bridge gaps that may have been caused by days absent due to Covid 19. Please continuously emphasize the importance of school attendance to avoid missing instruction. We are going to attend to the social, emotional and academic needs of our scholars on a daily basis. I believe our collective efforts will propel our scholars to reach their full potential.

Communication, collaboration and consistency are the three C's that govern my role as an educator and administrator. Please feel free to always share any ideas and/or suggestions you have that will help ensure our scholars' success in the Stewart County School District.

If I can assist you in any way, please do not hesitate to contact me.

Sincerely,

Dr. Le Lang, Principal
