A special congrats to our winners. We had amazing turn out for our first year, the designs were all fantastic!

HIGHLIGHT'S FROM MRS. HENLEY

In the library, we celebrated National Graphic Novel Day! Students enjoyed exploring different genres of graphic novels. Graphic novels improve students' reading skills like any other book would and the students were completely engaged with the text.

Kindergarten students had a lot of fun in the library with magnifying glasses. They searched for items in I-Spy books. They were so excited when they found all of their items in their I-Spy book!

The Patterson family at Ripon Elementary let us explore, observe, and enjoy one of their famous pumpkins. Students loved learning outside and were highly engaged. Thank you Patterson family!

We are excited to meet with all of our wonderful families during Parent/Teacher conference week (November 13th-17th) We are very thankful for our students and their families at Ripon Elementary. We hope you have a wonderful Thanksgiving!
