4th 6 weeks-newsletter

Successful Launch into the Second Semester!

OES had a successful launch into the new year and second semester. Continuing the theme, "Defying Gravity", students, parents, teachers were welcomed to a brand new year and semester of teaching, learning, and crushing goals.

MOY testing

Students completed their middle of year benchmark testing for RLA and Math.

MOY data reviews

Grade level leaders led PLCs (Professional Learning Communities) to review MOY data from students. From this data they were able to make plans for the second semester and how to best serve the needs of our students for the remainder of the school year.

School Counselor

In February we celebrated our school counselor, Mrs. Abby Gonzales and thanked her for all the hard work she does for our students and staff. Thank you Mrs. Gonzales!

Coming up next 6-weeks at OES:

March 9th-13th: Spring Break
March 21st: Color Fun Run
March 24th: Parent Meeting in Sinton
April 3rd-Good Friday
April 6th--teacher workday

Tutoring

Tutoring will resume on Tuesdays and Thursdays and will run through April 30th. Please see your child's teacher if you would like for them to stay for tutoring.
