A Note To You

Hello Families,
Take a look at the upcoming dates.
We will have PE on Wednesday AND Friday this week.
Please practice the spelling patterns at home by following the UFLI at home practice sheet. These are tricky and they come and go quickly.
Have a great week!
Mrs. Summerfield

Practice At Home

- ❖ UFLI at home practice will guide you through the spelling pattern we are learning in class. Practice, practice, practice! These spelling patterns come and go quickly! The passage on this week's extra practice sheet is a grade level passage. Have your child read it several times this week to get lots of practice.
- ❖ Math Practice sheets will reflect what we have been learning in class so that you can do a little more at home.

This Week's Agenda

Spelling: VCC patterns (-ild, -olt, -old, -ind, -ost)

These patterns are exceptions to the rule that closed syllables should have short vowel sounds. In words with these patterns, the vowel is saying its name (or long sound) even though it's a closed syllable. Practice words like cold, wild, host, colt, and kind.

We will also be reviewing how to spell two syllable words with open and closed syllables.

Reading: We will continue to read about schools around the world. We will begin learning the structure of a paragraph this week and base our writing on the informational texts about schools around the world.

Math: We will continue discussing odd and even numbers and how they relate to adding doubles.

Social Studies: We will finish learning about the role of the government this week.
