## Transitional Kindergarten - 2nd Grade October Student of the Month: Willow Davis

**Willow Davis** is October's Student of the Month. She is a model learner: fun, eager to learn and responsible about completing work with quality. She also has the unique maturity to talk to me about things she and I can do together to improve her educational experience. I love how brave a person has to be to self advocate! Not only does Willow have academic intelligence, she is also very emotionally intelligent. She knows how to work with anyone and is aware of the needs and feelings of others as she plays. I am very fortunate to have the opportunity to learn and teach with Willow and am glad to name her October's Student of the Month. **Way to go, Willow!**

## 3rd - 6th Grade October Student of the Month: Zuriah Hardenbrook

The 3rd-6th Student of the Month went to **Zuriah**. Zuriah moved to a new class filled with a new routine this year. She didn't let it slow her down in the slightest. She quickly learned the expectations and works daily to meet them. I can always count on her to be on task and get her work done to the best of her ability. She has gone above and beyond in her AR reaching Leap 3 already. **Way to start the year off right, Zuriah!**

## TK and Kindergarten

Mrs. Tinnin

This week, kindergarten is learning the letters- s, v, and z. They reviewed previously learned letter sounds. Several students are now reading BOB books, which are beginning readers that reinforce the sounds we are learning.

Kindergarten finished learning about the five senses. They learned how each sense helps us in our daily lives. Students learned about Ray Charles and Helen Keller and how they lived amazing lives without one or more of the senses.

Kindergarteners are learning to add! They use number bonds and cubes to see how the numbers go from part-part to whole numbers.

TK is finished with their Families unit. This week they learned about different traditions and ways some families celebrate special days. For math, TK is learning about shapes and their attributes.

It was great meeting with everyone to discuss all the learning and growth this year. Thank you for taking the time out of your busy schedules to meet with me.

## First and Second Grade Explorers

Mrs. Mittge

Next week we will implement some of the requests and ideas that came out of conferences.

This Tuesday families will receive:

1. A list of leveled AR books and series. Families can use this list to help direct students toward comfortable nightly reads;
2. Students' weekly spelling list;
3. A leveled reading fluency students can read throughout the week to build fluency;
4. A story problem students can read for understanding and work through as the week progresses.

Spelling lists, reading fluencies, and story problems will be sent home the first day of each week.

Thank you for your help and support as we all work to grow these exceptional, fun, smart young learners. As we venture into this month of thankfulness, I am so thankful for the opportunity to work with all of you and your children!

## Third and Fourth Grade Classroom

Mrs. Mars

This week our class started work on division. Third graders are using manipulatives to model division and working to see the connection between the multiplication they have already learned and division. Fourth graders explored the concept of remainders when dividing and learned to interpret these remainders. This will be especially helpful as they transition into learning long division next week.

Students worked to finalize the lines for our Christmas Play this week. Our class will be performing a fun rendition of the 12 Days of Christmas.

**Congratulations to all of our students who have reached AR leaps.**

Leap 1- Lilly, Edith, Ben, Norah, Brendan, Aleata, Scarlett

Leap 2- Wyatt, Logan, Carly, Brooklyn, Jaice

Leap 3- Zuriah

Leap 10- Apollo

## Fifth and Sixth Grade Classroom

Mr. Burlingame

Next week we are back to full days of school so we are able to get started on being ready for a couple of activities coming up. The casting for the play has been announced in class and students have already started learning their lines and will be practicing throughout the week over the next couple of months. Please keep a look out for information soon on costuming needs in Classdojo.

6th graders will start to get ready for their Thanksgiving speeches that they will be giving at our annual Thanksgiving feast.

**We've had an explosion of sorts in AR points in the last couple of weeks. Here's our current leaders:**

John- 83

Sam- 69.3

Sasha- 47.6

Great Job Class!  
Have a great long weekend!
