## Message from Admin:

Dear Silver Streak Families,

We had an amazing year at Janie Howard Wilson! We appreciate all the hard work from students and staff this year! Our Read 20 program has seen tremendous growth. We appreciate the parent support with encouraging your child to read each night and to take their AR tests. Our PTO enrollment has also grown. We had over 100 families join PTO this year and this is exciting! Thank you to our SAC committee as they have supported us with our PYP/IB application, student enrollment, and academic proficiency goals. Thank you to Warner University and their partnership with our agriculture club and literacy goals. Duke the Lion has been a big hit at our AR celebrations. We enjoyed celebrating our Teacher of the Year, Mrs. Sonia Sotomayor, and our Support Person of the Year, Mrs. Amy Ballentine at our Lake Wales Charter School board meeting. We have our state testing, field trips, and award ceremonies throughout the month of May so please check our social media, dojo, and listen to our callouts. We want to also encourage our families to take part in the many community events with the City of Lake Wales as well as opportunities with the Lake Wales Public Library. Enjoy your summer!

**Monday, May 6**

**tuesday, May 7**

Teachers are Noteworthy!

Write your teacher a note (draw them a picture) to show how he/she has impacted your life.

**Thursday, May 9**

Teachers make us BLOOM!

Bring your teacher their favorite flower! It can be fresh, artificial, hand drawn, or something with floral print!

**Thank you!**

We appreciate all your hard work and dedication this year!

## Kindergarten

As we are quickly approaching the end of the school year, please pay attention to all the due dates of events that will be taking place. Your child's teacher will be sending reminders on class dojo, so be on the lookout for that. The last day to pay for field trip will be April 30th, there will be no exceptions after the due date. The last day to pay for cap and gown fees and pictures will be May 17th.

Thank you so much for your continued support throughout this school year.

## First Grade

As this school year is winding down and the students are looking forward to summer, we want to encourage you to keep your child engaged. Whether it be through family experiences or reading, don't let all learning and skills building be in vain. We are also getting the students prepared for what to expect in 2nd Grade. We are so proud of the progress all of our students have made. Even the students that will be retained have made impressive improvements. The students are still learning and continue to be engaged with meaningful activities each day. It is important that your child comes to school daily, ready to learn. The last few weeks are not to be taken lightly. The students will be given Summer Break homework packets, please encourage a paced completion (don't do it all at one time) and daily reading. The 1st Grade Team has really enjoyed the group of students we had this school year. We wish much success for the remainder of their educational career.

## Second Grade

As we approach the finish line of this school year, students are working hard trying to complete all of their progress monitoring assessments. This year has been filled with fun engaging lessons that will help students succeed far beyond the classroom. Please stay connected with your student's teacher, as conferences are being scheduled as needed.

Over the summer please encourage your child to READ, READ, READ!!! Summer packets will go home before summer break and will be due when students return in August.

Thank you for entrusting your second-grader with our team and we can't wait to see the great things they do in the future. Until we return.....HELLO SUMMER!!!!

## Third Grade

In the month of May third grade will be working in our final transdisciplinary unit of "Who We Are". Throughout this unit we will focus on the students reflecting on who they are across all subjects as we close out the school year. In ELA and Math the students will work on reviewing needed benchmarks in preparation for state testing and begin to work on preparation for fourth grade standards. In Science, the students will review science standards taught this year and work to make connections to themselves and the life around them. In Social Studies, the students will work on finishing out their economics unit and reflecting on all that we have learned about the different countries and cultures around the world. As we look forward to the summer please continue to encourage your child to read nightly, write about what they read and practice their math fluency facts as much as possible. We have all really enjoyed this year with your students and are looking forward to seeing what all of these students accomplish in the years to come.

#### Important dates:

## Fourth Grade

#### Testing Schedule

5-1 Science End of Year

5-7 F.A.S.T. Ela

5-8 F.A.S.T. Math

#### Testing Encouragement

As testing season is upon us, please encourage your child to put their best foot forward and strive for success. It is critical that students are present and on time daily. Let them know that they are more than their test scores.

#### A Look Ahead

As we look forward to summer break after a full non-stop year, please provide opportunities for your child to read during these summer months. Consistently reading for only 20 minutes can greatly improve your child's comprehension and vocabulary skills.

Thanks for all your support this school term and enjoy your summer.

## Fifth Grade

**Reading:** Testing season is now upon us! Please take the time to ensure your child is ready by having them go to sleep early, we want them to be well rested! Taking the time to ask the questions about the books they are reading at home will also help with comprehension. Figurative language, text structures, morphology and context clues are all things that would be beneficial to review with your student weekly.

**Math:** We are so excited to see the students develop testing stamina in math class. This will hopefully contribute to students being able to problem solve and work out math concepts that require higher order thinking. Which in turn often translates to higher learning gains. Our testing days will be:

Thursday, May 2nd- science

Tuesday, May 7th- FAST ELA

Wednesday, May 8th FAST Math

It will also be posted on the school's website and we will be sending home reminders through our class dojo, as well.

**Science:** Our state science test is May 3rd. Please make sure your student is getting a full night's sleep, a good breakfast, and is arriving on time!

Our Fifth grade class graduation will be on May 28th, 2024 at 10:30 a.m. at First Baptist Church in Lake Wales. We look forward to seeing you there celebrate this important milestone.

Thank you for an amazing year and we wish our fifth graders the best of luck in their academic endeavors!

# Parent Tips

1. Read aloud together with your child every day.  
Make it fun by reading outdoors on the front steps, patio, at the beach or park. Also, let your children read to you. For younger children, point out the relationship between words and sounds.
2. Set a good example!  
Parents must be willing to model behavior for their children. Keep lots of reading material around the house. Turn off the TV and have each person read his or her book, including mom and dad.
3. Read the same book your child is reading and discuss it.  
This is the way to develop habits of the mind and build capacity for thought and insight.
4. Let kids choose what they want to read, and don't turn your nose up at popular fiction.  
It will only discourage the reading habit.
5. Buy books on tape, especially for a child with a learning disability.  
Listen to them in the car, or turn off the TV and have the family listen to them together.
6. Take your children to the library regularly.  
Most libraries sponsor summer reading clubs with easy-to-reach goals for preschool and school-age children. Check the library calendar for special summer reading activities and events. Libraries also provide age appropriate lists for summer reading.
