

Health and Safety Plan Summary: **Frazier School District**

Initial Effective Date: June 29, 2021

Date of Last Review: January 11, 2022

Date of Last Revision: January 18, 2022

1.How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning? The LEA will monitor the latest recommendations from PDE, PADOH, and CDC and update their Health and Safety Plans as needed. Plans will be presented to the governing Board for approval when changes are necessary. Facilities and practices will be adapted to the extent possible to ensure that appropriate prevention and mitigation processes are followed.

2.How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services? Educational models will be adapted to the needs of the students as appropriate including virtual if needed. Social, emotional, mental health and other needs will be monitored and provided by school health providers, social workers and other mental behavior specialists when needed. Food service will be provided using various models as appropriate to the situation, including the availability of free meals if needed for students throughout the entire year.

3.Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<ul style="list-style-type: none">• Universal and correct wearing of masks;	<ul style="list-style-type: none">• ARP ESSER requires school districts and charter schools to develop mitigation plans in line with the most recent CDC guidance with plans being updated every six months as needed. Masking will be optional for all students and staff unless

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>mandated by the PA Department of Health.</p> <ul style="list-style-type: none"> For those who are required to wear a mask, correct and consistent mask use is a critical step everyone can take to reduce their risk of getting and spreading COVID-19. Staff and students will be trained on and reminded of proper mask use.
<ul style="list-style-type: none"> Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); 	<ul style="list-style-type: none"> Determine the maximum capacity for each room. Turn desks in the same direction. Students sit on one side of tables/desk facing the same direction. Balance class numbers as much as possible – remove unused desks and furniture in classrooms; maximize social distancing (to the extent practicable). Staff will maintain a distance of at least 6 feet, when possible, from other adults to the maximum extent feasible. Staff will maximize social distancing (to the greatest extent practicable), whenever possible and when not disruptive to the educational process. Limit physical interaction through partner or group work. Establish distance between the teacher’s desk/board and students’ desks. Identify and utilize large spaces (i.e. gymnasiums and outside spaces – as weather permits) for social distancing.
<ul style="list-style-type: none"> Handwashing and respiratory etiquette; 	<ul style="list-style-type: none"> Teach and reinforce good hygiene measures such as handwashing, covering coughs, and face coverings when required. Provide hand soap, hand sanitizer with at least 70% alcohol, cleaning wipes/disinfectant spray, tissues,

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>and paper towels in all classrooms and frequently trafficked areas.</p> <ul style="list-style-type: none"> • Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, proper respiratory etiquette and school/district specific protocols. • Cover mouth and nose with a tissue when coughing or sneezing. • Use the nearest waste receptacle to dispose of tissues after use. • Perform hand hygiene after having contact with respiratory secretions and contaminated objects or materials.
<ul style="list-style-type: none"> • Cleaning and maintaining healthy facilities, including improving ventilation; 	<ul style="list-style-type: none"> • Daily cleaning of schools with soap and water to decrease how much of the virus is on surfaces and objects, which reduces the risk of exposure. Apply to frequently touched surfaces and objects including door handles, sink handles and drinking fountains. • At least daily and throughout the day disinfecting schools and transportation vehicles using EPA-approved disinfectants against COVID-19 to reduce the risk. • Follow standard protocols to clean surfaces that are not high touch. • Ensure ventilation systems operate properly and increase circulation of outdoor air as much as possible, for example by opening windows and doors. Do not open windows and doors if doing so poses a safety or health risk (e.g., risk of falling, triggering asthma symptoms) to children using the facility.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<ul style="list-style-type: none"> • Contact tracing in combination with isolation and quarantine, in collaboration with the State and local health departments; 	<ul style="list-style-type: none"> • Work with school administrators and school nurses to identify an isolation room or area to separate anyone who exhibits COVID-like symptoms. • School nurses and other healthcare providers should use Standard and Transmission- Based Precautions when caring for sick people. • Establish procedures for safely transporting anyone who is sick home or to a healthcare facility. • If needed, contact the local health authority for further guidance if a parent/guardian/caregiver notifies the school of potential exposure by a student, staff member, or school visitor. • If required, fill out and submit the Self Report and Line List forms provided by PDE and PADOH Joint Task Force for contact tracing. • Send out notifications to building staff and students with the appropriate information as needed. • Upon discovery of a positive case in a school or classroom, parents of close contacts will be notified of the positive case and provided an option for their child to quarantine (excused absences) for a period of 1-10 calendar days or continue to attend school provided the student remains asymptomatic. Parents are asked to monitor their child daily for a period of 10 days following an exposure. If the child develops symptoms consistent with COVID-19, they are to keep their child home and notify the school nurse immediately.
<ul style="list-style-type: none"> • Diagnostic and screening testing; 	<ul style="list-style-type: none"> • Consider a process to address privacy concerns of monitoring practices and the potential stigma

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>associated with monitoring and confirmed exposure or cases.</p> <ul style="list-style-type: none"> • Develop a system for home/self-screening and reporting procedures. • Encourage staff to stay home if they are sick and encourage parents to keep sick children home.
<ul style="list-style-type: none"> • Efforts to provide vaccinations to school communities; 	<ul style="list-style-type: none"> • Work with community health centers and hospitals to either provide on-site vaccinations or provide brochures and other information as to when and where staff and students can receive vaccinations at their sites.
<ul style="list-style-type: none"> • Appropriate accommodations for students with disabilities with respect to health and safety policies; and 	<ul style="list-style-type: none"> • Ensure that any policy regarding face coverings or any other parts of the health and safety plans should be sensitive to the needs of students and staff with medical issues. Appropriate accommodations in compliance with federal and state laws should be made for students with disabilities with respect to health and safety policies and procedures.
<ul style="list-style-type: none"> • Coordination with state and local health officials. 	<ul style="list-style-type: none"> • LEA will work together with the Joint Task Force, PADOH, community health agencies and County Emergency Management Agencies to coordinate resources in accordance with their health and safety plan.

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for **the Frazier School District** reviewed and approved the Health and Safety Plan on **January 18, 2022**.

The plan was approved by a vote of:

_____ **Yes**

_____ **No**

Affirmed on: **January 18, 2022**
