

## **Ingram Independent School District Declares Child Find Efforts**

Ingram Independent School District offers comprehensive special education services to eligible students ages 3-21 years. Children from birth to age 3 with disabilities will be referred to appropriate agencies for services. All referrals are considered confidential, and services are provided at no cost. The parent, legal guardian, or surrogate parent retains the right to refuse or accept services and will be provided other procedural safeguards under federal and state law.

Public school services include screening and evaluations in areas of suspected disabilities, such as specific learning disabilities, occupational needs, speech and language development, physical impairments, vision or hearing problems, intellectual disability, emotional disturbance, autism, traumatic brain injuries, or other health impairments.

A free, appropriate, public education with a continuum of services is available based on the child's needs.
