- Typed essays, listed below
- Two letters of reference
- Official high school transcript, and official GPA
- Official ACT or SAT score
- A recent photo for use in future scholarship promotions, member publications, social media and on our web site, nationalfarmers.com

As is customary, reference letters, transcript and GPA, and official ACT or SAT score should be sent in sealed envelopes.

(It will only be used if you earn a scholarship. Photos will not be returned.)

THE ESSAYS

As part of the application, you are required to write two essays.

The essays give our judges a picture of your understanding of complex topics in agriculture. With that in mind, please be sure to answer the questions thoroughly and to the best of your ability. Feel free to interview individuals knowledgeable in the agriculture industry, specifically in ag marketing and risk management, and use agriculture publications as sources.

1. How can marketing production with other farmers and ranchers improve prices for grain, dairy and livestock?
2. Choose one strategy: Niche marketing, price risk management or price negotiation. Discuss and give examples of how that strategy can increase financial rewards on an independent farm.

(Total for both questions: 850 words minimum, 1,200 words maximum)
