School	
Special Services Required by the applicant (ESOL, Special Education, Title I, other)	

TUITION FEES

The undersigned agrees to pay tuition fees as designated by the Board of Education. Students may be withdrawn if payment is not received. The obligation to pay tuition is unconditional.

Criteria for Accepting Non-Resident (Tuition) Students

Each non-resident tuition student must make application to attend Vidalia City Schools and receive written approval from the principal and / or the superintendent.

1. Admission is subject to review of all educational records.
2. An interview with the parent and student will be a part of the application process. The principal or his/her designee will conduct the interview.
3. Payment of tuition, as set by the Board of Education, is \$200.00 per student, per year.

4. Tuition should be paid to the school where the child will attend. Each school will begin receiving tuition payments during regular business hours on the first day of pre-planning each year. Tuition should be paid in full on or before the last day of pre-planning. No prorated tuition refunds will be given for those students who move out of the city during the school term.

Non-payment of tuition fees, late payment, or returned checks are grounds for revocation of tuition status. Tuition is non-refundable.

5. Subject to other qualification for non-resident students, students who are residents of nations other than the United States who reside with a family who is a resident of Vidalia may be admitted without payment of tuition under recognized foreign student exchange programs.
6. In the judgment of the school administrative team:
 - a. The applicant must have a history of satisfactory behavior based on student discipline records.
 - b. The applicant must demonstrate average or above academic achievement through a review of educational records and/or standardized test scores.
 - c. The applicant must have a history of acceptable school attendance based on school records. Excessive tardiness will also be considered.
 - d. The Vidalia City School System does not discriminate against any student based upon disability.

Vidalia City Schools reserve the right to place students in classes judged solely by the school system to be the most appropriate placement. Non-resident students are subject to suspension, expulsion, or revocation of their tuition status if they violate the terms of this contract or violate school systems rules. Specific criteria have been established by the Board of Education for non-resident students. This Enrollment Contract may be revoked and the student dismissed in accordance with any and all Vidalia City Schools policies and procedures. Students and parents should review the Student Handbook for their schools.

Vidalia City Schools does not provide transportation for tuition students. The parent / guardian is responsible for their child's transportation to and from school.

Any attempt to circumvent this policy by the student or parent may result in withdrawal of the student from the Vidalia City Schools. Payment of delinquent fees will be expected even if the student is withdrawn by the school system. Failure to report a change of residence or guardianship at the beginning of the school term or during the school term may result in mandatory withdrawal.

A student's residence for school attendance is determined by the residence of the student's parent or legal guardian with whom the student lives. It is not determined by whether or not property is owned within the city or whether taxes are paid to the City of Vidalia by the parents or guardian. Married or emancipated students who reside outside the city limits will be considered as tuition paying, non -resident students even if parents are city residents.

Non-resident students may be accepted as tuition paying students in the Vidalia schools under the following conditions:

1. Tuition should be paid to the school where the child will attend. Each school will begin receiving tuition payments during regular business hours on the first day of pre-planning each year. Tuition should be paid in full on or before the last day of pre-planning. No prorated tuition refunds will be given for those students who move out of the city during the school term.
2. Tax credits are allowed for non-resident students whose parents pay school taxes to the City of Vidalia. Tuition may be partially or fully paid by presenting a Vidalia City Ad Valorem Tax Receipt from the preceding year. The school tax portion of the bill will be deducted from tuition.
 - a. Students who live with a parent outside the city limits whose other parent resides inside the city limits, and both parents have joint custody will not pay tuition. Proof of guardianship and custody must be provided to the school. Proof of both parents' residency must be submitted.
 - b. If a student's custodial parents or parent reside outside the city limits, and they desire their child/children to attend Vidalia City Schools as a resident(s), legal custody of the student(s) must be transferred to a person residing inside the city limits of Vidalia. Custodian must provide proof of child's residency to the school system at the time the child is enrolled.
 - c. If during the school year it comes to the schools attention that guardianship has been misrepresented in order to avoid tuition and that the child attending actually resides outside the city, tuition will become due immediately, or the child will be withdrawn. At this point, the child will fall under the admission criteria for non-resident students.
 - d. If during the school year a student withdraws from the Vidalia City Schools, no refund will be given.
3. Before accepting a non-resident applicant, the principal and superintendent will consider the following factors:
 - a. The Vidalia City Schools must have as a part of its instructional program services which will meet the educational, physical, and emotional needs of the student.
 - b. Additionally, the school system must be able to:
 - Accommodate the applicant without placing undue financial burden on the school system.
 - Accommodate the applicant without experiencing overcrowding in classes that the student would be assigned.
4. Resident students are not charged tuition. However, any student whose parents move their residence from inside the city limits after the school term begins will be required to make application for admission as a non-resident. It is the parent's responsibility to notify the principal's office immediately when residency or guardianship changes. If the student

is accepted as a non-resident, tuition will be based on the date of the change of residence. If a student attends as a non-resident student any day during the month, tuition must be paid for that semester.

5. A transitioning military child placed in the care of a noncustodial parent or other person standing in *loco parentis* who lives in a jurisdiction other than that of the custodial parent that falls outside of city limits is not charged tuition.
6. The principal of each school has the right to revoke the tuition status of any non-resident student based on any of the following reasons:
 - a. Inappropriate behavior or poor disciplinary record
 - b. Tardiness to school or poor attendance record
 - c. Unsatisfactory academic performance
 - d. Timeliness of tuition payments
 - e. Attempts to circumvent the policy and procedures of the school system
 - f. Any other good and sufficient reason

Students must maintain academic, attendance, and disciplinary standards as established by the school. Failure to do so will result in immediate dismissal. At minimum, an annual review will be conducted on academic, attendance, and disciplinary records to determine continued enrollment. Notification of discontinued enrollment status will be made by June 30 of each year.

The superintendent reserves the right to refuse admittance to any applicant if accepting the student would not be in the best interest of the Vidalia City School System.

I have read and understand the enrollment contract and agree to the stated conditions.
