

**GADSDEN COUNTY SCHOOL DISTRICT
2026 Facilities and Maintenance Project Plan**

The Half Cents Sales tax will help offset the loss of funding for day to day facilities maintenance. In addition, major on-going and long-term facilities and maintenance projects need to be addressed (See below). Although the District has a list of projects that need to be addressed, final decisions regarding which projects and the order of projects will be considered by the District's Facilities Planning Committee.

Project	Location(s)	Status
R eplace Interior and Exterior Doors to Meet Current Safety Requirements	• Havana Middle School • Gadsden County High School • West Gadsden Middle • Greensboro Elementary • Chattahoochee Elementary • Carter Parramore • Maintenance Building • Technical College • Walker Building	In Progress
