

Mission: BLAST!

MAR. 22-24, 2024
JUNE 7-9, 2024
SEPT. 6-8, 2024

Mission: BLAST! (Building Leaders with Adaptive Skills for Tomorrow) @Space Camp® is a three-day immersive program designed to help underserved or at risk 17-to-19-year-olds prepare for the higher education, internship and job opportunities in their future. Mission: BLAST! hones critical thinking and professional communication skills needed to succeed in a competitive educational or career environment. Students will work independently and in teams throughout the program.

Immersive Learning

Test critical thinking skills in a simulated space mission, strengthen teamwork skills through challenge course exercises, and engage best practices of business communication during a dinner with professionals.

Opportunities

Students will receive volunteer credit hours, network with industry guests, and create a professional online profile and personal brand pitch. They will also meet and learn from an astronaut about the importance of leadership and teamwork.

Topics

Students sharpen their interviewing skills, professional etiquette, networking and presentation strategies. Special emphasis is devoted to developing and delivering their personal brand and working together to achieve team goals.
