

# How to Check Grades in Schoology & ACCESS

1. Log into Schoology and go to the main page. Click on "Grades."

2. Click on "Grade Report."

3. Once there, click on each class to view the grades.

## Things to look for when checking grades:

- Look at the overall average.
- Look for anywhere with a "0" or "Missing" - this is a placeholder zero and you have not turned in the assignment. Turn this in ASAP for the teacher to grade.
