**We cannot say, and we will not say
That they are dead. They are just away!
With a cheery smile and a wave of the hand,
They have wandered into an unknown land.
And left us dreaming how very fair
It need must be, since they linger there.**

Did you ever realize what the biggest organization in our school was? Most students and teachers don't. This organization is so important that without it all others could not exist. It is an organization which we all belong to and participate in, in some means or another. The following pages of the organization section is dedicated to viewing just some of the activities which members of this organization participate in.

Have you guessed what it is? Well then, I guess we will just have to tell. The organization of such importance is the SCHOOL ITSELF and the students.

ADMINISTRATION

Mr. Roy Stapp — Our Principal

This was Mr. Stapp's first year as Principal of our school. He has been one of the finest administrators Bunkie Senior High has ever had. Mr. Stapp has been an enormous help to all of BSHS organizations. Thanks to Mr. Stapp we were able to put out another yearbook. Many other school projects were in danger until an interested principal helped to renew the enthusiasm which our school has lacked for many years. We now have a pride in our school because we have worked along with the teachers and administration to better our school and ourselves.

To Mr. Stapp we say Thank You Very Much for helping us make our school one which we are proud of.

Mrs. Lorraine Wilkins — Guidance Counselor

Mrs. Wilkins has been another great help to our school and it's students. We all know that Mrs. Wilkins is always willing to be of service and help.

We wish to thank her also, "For Service Above and Beyond the Call of Duty."
