Question and Answer

- Q.** Why are some classes FREE, while others have a cost?
- A.** We use a variety of funding streams to support PD at the HISD. Some grants and funds specifically include food in the allowable costs while others expressly prohibit it. Some events include books or other resources, as well.
- Q.** What happened to stipends?
- A.** The grant that supported stipends for staff to attend sessions no longer exists.

Presenter(s)	Stephanie Segroves
Audience	PreK-Gr 12 Teachers, Administrators, Paraprofessionals, and New Teachers.
Description	<p>Do you want to increase student engagement? Are you tired of kids sitting in your classroom, learning very little, then "passing" with a D-? Do you need a system to better differentiate and meet students at their level?</p> <p>Come and see how a local teacher has increased student engagement, student understanding, and created a system for differentiation by using Gamification and Mastery Classroom techniques.</p> <p>This technique is not just adding games into the classroom to make students happy. This is a classroom system to design the way your current curriculum progresses in order to allow for differentiation and increase student engagement. Applicable to all grade levels/subjects.</p> <p>During this PD, we will have guided work time to help teachers create a unit using the Gamification & Mastery Classroom techniques. So bring your curriculum and standards for a current unit so we can gamify it together. Let's help our students level-up in learning!</p>
Registration	<p>Deadline to register is Tuesday, June 6, 2023.</p> <p>Register online at www.huronisd.org Professional Development link.</p> <p>Checks payable to Huron ISD or pay online with a credit card.</p>

Description	The Michigan Career Development Model states that we as educators need to provide all students of all grade levels the opportunity for career awareness and exploration. There is no better way to do that comprehensively than with the use of Xello. Xello is available for use countywide in K-2, 3-5, and 6-12 classrooms. Each builds upon each other and allows students to easily and interactively engage in career exploration and readiness activities, meeting the benchmarks of the MCDM. That, along with our county-wide comprehensive career exploration plan, students have the knowledge to make decisions that will help them grow and prepare for the career pathway they are interested in pursuing. Join this session to see an overview of all components of Xello as well as how you and your team at your school can use it in any classroom to connect your students with career exploration that enhances your teaching and the “why”. This will be an engaging session for all grade levels, content areas, and teams. You will leave knowing how to use Xello within your classroom and content area as well as understand how it can be used in all grade levels. You will also leave with the pacing guide needed to fully implement it with students.

Description	“Every child deserves to know what it feels like when an entire community of adults and peers has his/her back.” This is the idea behind Intellispark, which is a n online platform for all educators and team members to utilize to communicate and support students socially & emotionally. Joining this session will allow you to see how all people supporting a student can be on the same page, with a one-stop platform that highlights areas of “high fives” as well as “flags” of concern. See how one local school, in collaboration with the HATC piloted this program this year and their experience with it. This is not a platform for students; This is a platform for adult team members to collaborate and communicate. “We...monitor progress and develop personalized paths to success for every child...to improve how schools and communities support all students – to help make student success team sport.” (Intellispark). Join this session for full access to this platform and to understand how you can easily collaborate and communicate as a team.
