INTERSCHOLASTIC ACTIVITIES

The Jefferson Davis Parish School Board encourages public participation at school-sponsored activities open to the public. However, principals are directed to sanction, if necessary, those in the public who engage in behavior which is deemed inappropriate by the principal at school-sponsored events. The principal shall carefully investigate each incident, and be consistent in the sanctions imposed for incidents of a similar degree of severity. The Superintendent or his/her designee shall be consulted when the principal is considering the banning of a member of the public from school-sponsored events.
