Building on the Foundation of Janie Howard Wilson

In 1963, a Lake Wales elementary school was named after the first African-American native-born person to teach in the local schools. Janie Howard Wilson was born in 1919 in Lake Wales and spent her entire teaching career in the Polk County school system.

As an active member of the community, Wilson was involved in the Junior Womens Department of the State of Florida as president.

NOTIFICATION OF INSPECTION FOR ASBESTOS CONTAINING MATERIALS IN PUBLIC SCHOOLS

The Environmental Protection Agency (EPA) has issued a final rule, 40 CFR Part 763, Asbestos Containing Material in schools, commonly referred to as AHERA. This rule requires all Local Education Agencies (LEA's) to identify asbestos containing materials (ACM) in their school buildings and to take appropriate actions to control release of asbestos fibers.

All inspections for Janie Howard Wilson Elementary have been completed and a Management Plan describing the results of the inspection and the action plan to control any asbestos found during the inspection, where applicable, has been submitted to the Governor for approval. A copy of this plan is located in the administrative office of this school and at the District School Board of Polk County Maintenance Department and is available for review upon request.
