Verndale Elementary School Teacher Request Form

At Verndale Elementary School, meeting the educational and developmental needs of all students is our highest priority. Classroom placements for the upcoming school year are determined by current homeroom teachers after careful consideration of multiple factors, including each student's academic performance, learning style, and social dynamics. Our teachers thoughtfully create balanced classrooms to ensure an optimal learning environment for all students.

If you believe it is necessary to request a specific teacher for your child, please complete this form and include your preferred teacher, a brief description of your child's academic strengths and needs, and the rationale for your request. While we carefully review all submissions, specific placements cannot be guaranteed.

Verndale Elementary School priorities when placing a student in a classroom:

1. Academic abilities of the individual students
2. Student personalities
3. Male/female ratios
