

Path to State

Each team sport has a unique adventure each season and each game. Not always does each contest end the way we imagine, but in the Eastern Oregon League you can still make your way to State through our seeding process.

Our league consists of six teams...Burns, Irrigon, Nyssa, Riverside, Umatilla and Vale

Based on your league win/loss record you are ranked first through sixth.

If you are in the top three spots, but your overall OSAA ranking is below the top 16, you still can make it to state through our league playoffs.

League playoffs commence the Tuesday after the regular season ends. Our #3 seeded team in league travels to our #2. The winner of this game then travels on to play the #1 seeded team in league the Thursday or Friday of that same week.

If you win as the #3 seed, you and the #1 seed are then automatically qualified for a state playoff game. If you were previously ranked below the top 16 this is great news for you as your team would not have gotten the option to have a play in game otherwise.

For more information for qualifying for the state playoff here is the OSAA link
