

TRINITY ELEMENTARY SCHOOL

PLAYGROUND UPDATE

Trinity Elementary School PTA is excited to announce that a new swing set will be installed on our playground soon! We would like to express our thanks and appreciation to our TES community in supporting this exciting project! The PTA is very grateful for how our students, parents, teachers and school staff have supported our fundraising efforts for this project.

THANK YOU!!!

Our Next Goal:

We are looking forward to the next stage of our Playground Project. We will continue our fundraising efforts with our next goal of raising \$40,000 to replace 2 pieces of playground equipment used by students in grades 3-5. Please continue to share our need with businesses and community members who may wish to contribute and partner with us in this endeavor. For more information, contact the PTA through the school office at (336)431-1027.
